Notes

- 1) If your congregation is not scheduled for a visit in this cycle, you will be given priority for a visit from the Bishop in the next cycle. Feel welcome to invite Bishop Skirving to an event scheduled away from Sunday morning if you would like him to visit during the coming year.
- 2) If COVID-19 will prevent the Bishop from visiting "as usual" then he will be happy to work with you to modify or reschedule his visit. A modified visit could include having Bishop Skirving assist in the recording of a liturgy for the day of his scheduled visit, or in the hosting of a "live" online liturgy. Bishop Skirving will also be willing to participate in online coffee hours, in Christian formation classes, or in meetings with Vestries or other congregational groups. Visits that need to be rescheduled will be added to the list of those to be given priority in the next cycle.
- 3) Materials to be used in planning for the Bishop's visit will be distributed a little later this summer.
