

Caring for God's Creation Bible Study and Workshop

Climate change is a spiritual as well as a scientific issue. What can and should Christians do to mitigate its effects? Learn all about it in the upcoming Bible study and workshop, "Caring for God's Creation."

Together we will study:

- What the scripture tells us about caring for our natural resources.
- What the current health is of our planet
- How climate change is impacting our weather, food supply, air and water quality.
- How the environmental and health consequences of climate change impact low-income countries and poor people disproportionately to others
- Discover possible solutions and simple steps Christians can take to sustain our planet
- Plus, we'll have fun with hands-on activities, guest speakers and field trips

When: Each Wednesday in June, starting on June 1st at 12 noon

Where: Grace Church Fellowship Hall, located at 105 S. Madison Street, Whiteville

What: Participants are encouraged to bring their lunch with them; drinks and ice will be provided. A microwave will also be available for heating up hot lunches.

Register: Send your name, address, and phone number to: Mazie Smith at: maziesmith1956@yahoo.com or call: 252-542-9283
Registration is required by no later May 25th.

Cost: \$20 per person, covers the cost of the book "The Creation Care Bible Challenge," by Marek P. Zabriskie and all other workshop supplies. Checks should be mailed to: Grace Episcopal Church, 105 S. Madison Street, Whiteville, NC 28472 with designation: "Creation Care." Registration can also be paid the day of the first workshop.

**He's got the whole world in his hands.
It is our privilege & responsibility to
take care of it. **Let's get started!****
